CERRITOS AVENUE ATHLETES WIN FIRST HONORS IN TRACK CONTEST HELD BY CITY GRAMMAR SCHOOLS

COLUMBUS MIDGETS GET BANNER FOR GOOD SHOWING

PACIFIC AVENUE TEAM GIVEN PRIZE FOR TAKING LEAD IN SPECIAL CLASS

TEAM STANDINGS

Cerritos	34½
Columbus	27½
Pacific	16½
Doran	16
Broadway	13
Central	6½
Colorado	6

The Cerritos avenue athletes won the big banner offered in the All Glendale Grammar school track meet which was held Monday and Wednesday afternoons at the Intermediate school grounds.

As shown above, the Columbus avenue, Pacific avenue, Doran street and Broadway schools all made good showings.

The Columbus avenue midget team received a small banner for scoring the most points in their class while Pacific avenue won the banner in the special class.

In the cases of a tie, the different contestants drew straws to see which coveted ribbons they would receive, although they scored equally.

In all of the events, first, second, third and fourth colored ribbons were awarded and each member of a winning relay team was given the blue insignia.

Officials of the meet were Rex Kelley, chief judge; Norman Whytock, Manning Alvis and J. Cobb, judges; A. T. Blanford, starter, and Miss Vera Sinclair, clerk. Superintendent Richardson D. White awarded

Doing Your Best, That Spirit Makes Victory, Boys Told

In awarding the prize ribbons, pennants and banners at the All Glendale Grammar school track meet at the Intermediate school grounds yesterday afternoon, Superintendent Richardson D. White said:

"I am proud of those who won—and equally as proud of those who did not win.

"The big thing with this game is to play it for all you are worth.

"For while you all could not get ribbons, you have acquired the habit of doing your best.

"Even if you have not won, if you are doing your best you will go on and try harder.

"That is the spirit which makes for victory."

Miss Charlotte Myers To Be Wedded Today

The home of Mrs. W. R. Frampton at 215 Arden avenue will be the scene of a wedding late this afternoon when her niece, Miss Charlotte Myers, of Los Angeles, is married to James Foley, also of Los Angeles. Beautiful decorations of pink and white roses will be used, as will also the wedding bells which were used at the wedding of Mrs. Frampton.

Dr. Smith, of the Wilshire Christian church, will perform the ceremony. The bride-elect will wear a gown of white charmeuse. Fifteen relatives and close friends will witness the ceremony, which is to be private, after which a buffet supper will be served. The couple will make their home in Los Angeles.

F. W. Evans' Large Home Nearly Ready

Fred W. Evans, who with his wife and small boy, Wilfred, have been sojourning with Mrs. E. J. Miles of 914 Randolph street for the past six months, announces that his new home in Hollywood is nearing completion and that it will be ready for occupancy by June 1. The house will be a magnificent structure when finished and is located next to the Wilshire Country club in the heart of the exclusive Hollywood district. The cost is estimated to be something between $15,000 and $20,000.

Mr. Evans is assistant manager of the California Fruit Growers' Exchange of Los Angeles, having been with the company several years.

Trip To Trout Farm Plan Of Local Folk

A number of Glendale young people, including Mr. and Mrs. Walter Trautwein, Mr. and Mrs. Wayne Smith and Mr. and Mrs. Homer Miller, are planning on motoring to the trout farm above Redlands the coming week-end, all intent upon bringing back the limit of speckled beauties. The party will leave Saturday evening and return some time Sunday.

Apartment House To Be Built, Is Planned

Mr. and Mrs. C. Spellbring, recently of Los Angeles, purchased a beautiful bungalow at 309 West Doran and contemplates building an apartment house on Central avenue and Doran in the near future.

Four Buyers Seeking One Bit Of Property Cause Lots Of Action

Poker isn't in it when it comes to playing the real estate game in Glendale.

Witness the tale of a four-handed tilt over the sale of Mrs. William Prendeville's property at 515 Fairmont street.

The quartette of realty men held pat hands—that is, buyers—all ready to close the deal in the morning.

One went to Mrs. Prendeville's home, 335 West Patterson avenue, to await his customer who was to arrive with the money.

Another telephoned to Mrs. Prendeville to come to the office to close the deal.

Two others started in motor-cars with their buyers and one lost out when his machine broke down.

That is why Charles E. French and family of Houston, Texas, is now moving into the property, the sale having been made by the MacGregor Realty company.

Real Estate Is Moving

Whole farms are reported coming over the hills to Glendale, riding on the rough wind which has been ruining signs for the last twenty-four hours, and ripping family washes from the clotheslines.

One real estate dealer was seen lubricating a swinging sign in front of his establishment this morning.

And that wasn't the only "squeak" caused by the wind, either.

For it is dusty the few hours that the storm conditions last.

Reason for Silence

"Wake up, get out!"

This was the peremptory order of Fire Chief A. H. Lankford to Ed Hambley, one of the volunteer firemen, at 8 o'clock this morning.

"C'mon, get up! You know you're supposed to be out of here at 7:30."

No response was forthcoming so the chief shook the covers.

Then he learned the reason for the silence.

A "dummy" had been planted in Hambley's bed by some of the firemen after he had left for work an hour before.

This Hotel in Street

Sleeping in the street.

That is going to be the privilege of the occupants of the Vertmont hotel tonight.

The building is being moved from the northwest corner of Broadway and Maryland avenue to a lot on the east side of Maryland near Wilson. It is making way for a brick building to be erected by the Walker Building Corporation.

William Knickrehm, who has the contract for moving the frame hotel structure, states that it will be in the middle of Maryland avenue by midnight tonight where it will rest until the roomers get their rest.

VISITORS AT C. OF C.

F. E. Boudinot of Escondido was a visitor at the Glendale Chamber of Commerce headquarters yesterday in his quest of a home in this vicinity. Others who have registered there recently are H. F. Hageman and C. B. Henderson of Los Angeles; A. G. Clark of Gunnison, Colo.; R. W. Wilkins of North Platte, Neb., and J. C. Harper of Salt Lake City, Utah.

BIG BUILDING FOR BRAND BOULEVARD, WILSON AVENUE

BUSINESS LOT IS SOLD FOR $45,000; APRIL AVERAGING OVER $10,000 DAILY

Building operations in Glendale have taken an upward turn the last few days with several fair-sized permits being issued at the city building inspector's office in the course of forty-eight hours. The total for the year to date is $964,875 and for the first fourteen days of April $149,952, or an average of better than $10,000 daily.

With the announcement today that the Misses Baldwin have sold their 100-foot business lot at the southwest corner of Brand boulevard and Wilson avenue through the agency of Doner, Hemenway & Burn, another big building is assured, it is authoritatively stated.

The purchase price of $45,000 will be but a minor part of an investment to be made by the syndicate of local men who are contemplating the construction of either a hotel or store and office building which will mount into the hundreds of thousands of dollars.

$450 For Front Foot

On the basis of 100 feet frontage for $45,000, the price of $450 per front foot sets a new record in Glendale for business property. The Citizens Building Corporation, which was formed last night at the Chamber of Commerce rooms for the construction of a two-story building opposite The Glendale Evening News office, is to pay $20,000 for a 51-foot lot if plans carry through, however, which is setting a scale of $400 a foot for Brand boulevard frontage.

Attorney Owen C. Emery was instructed to go ahead with the incorporation of the Citizens Building Corporation with $50,000 in preferred stock and $50,000 in common stock, the former to draw 8 per cent interest. About $25,000 will be spent in the building. The entire issue will be absorbed by members of the Chamber of Commerce or citizens with a limit of $500 subscriptions until such a time that everyone has had an opportunity to invest. C. C. Cooper is acting as treasurer until the organization is perfected.

Start $10,000 Building

A permit was issued yesterday to Mrs. H. E. Noble for the construction of a four-store room building on the northeast corner of Broadway and Orange street. E. K. Daniels is the contractor. William H. Hooper also

Mrs. Nina Richards Is Hostess To Club

The Kensington club met yesterday at the home of Mrs. Nina Richards, 1017 Virginia Place, with an attendance of forty-five. It was a very enthusiastic meeting and was presided over by Mrs. J. B. Hayes, president.

Miss Anna Patterson presented the club with a lovely comforter top of blue and white, which was made about forty years ago by an aunt of hers and which was so beautiful that many of the members expressed a desire of purchasing same. So, it was decided that this would be disposed of in a manner which would raise a neat sum of money for the club, which would enable them to purchase material for their work.

Mrs. Will Peterson donated blocks for a quilt and also one which is partially pieced. Refreshments of sandwiches, wafers and coffee were served.

State Legion Chief To Speak In City

The American Legion and Women's Auxiliary are planning a very interesting entertainment to be given at their headquarters tomorrow night for their members and friends. One of the chief speakers for the evening will be Buron Fitts, state commander of the American Legion, who will explain the work and aims of the Legion. The program will also include music, fancy dancing and other numbers. Refreshments will be served. All the friends of the American Legion are invited to enjoy tomorrow evening's entertainment.

C. OF C. STARTS MOVING

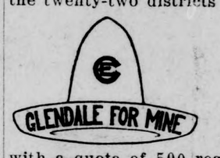
Tonight the Chamber of Commerce starts moving to its new location in the Cole & Damerell block at 115 West Broadway, according to Secretary James M. Rhoades. The building had final touches placed on it today by the electricians and window glass men. Lexie H. Allison takes the quarters vacated by the civic organizations.

DISTRICT CONTESTS ON REGISTRATION TO CONVENTION

C. E. SOCIETIES OF GLENDALE WILL MAKE EVERY EFFORT TO TAKE FIRST PRIZE

By GLEN and DALE

Los Angeles county Christian Endeavor officers have given each of the twenty-two districts of the county a quota of pre-registrations which they expect them to reach. Glendale, with a quota of 500 registrations, is in class A, with Pomona, Long Beach, Pasadena, Whittier and San Gabriel Valley. Glen and Dale are out to win the county prize of $15. This amount is to apply on sending a Glendale person to Mt. Hermon summer conferences. We don't want the second place, even though it means $10.



Not content with giving just the county prize the district has offered to the society which brings in the largest number of registrations in proportion to membership, a prize of $10, to be used as society wishes, and a second prize of $5.

Plenty of Activity Shown

The Glendale Presbyterian intermediates say they will win. Glen and Dale aren't sure for we hear that the others are busy. No society will have a chance which doesn't have at least 150 per cent, and we expect the winner will come in with 250 per cent.

Now, if you want the society in your church to win, don't wait for the young people to ask you. Say: "Here's my dollar. I want a badge and program of that big convention for I plan to attend just as many meetings as I can June 25 to 29."

Representatives of the district union visted every young people's society in the district last Sunday and put the campaign before them.

They're Off! Who Will Win?

Lowell Donnell went to the Eagle Rock Presbyterian, Congregational and Methodist, Mr. De Mott of Burbank visited the Presbyterian, Methodist and Christian of his town; C. C. Stoler put it before the Glendale Congregational, Nancy St. Clair the Tropico Presbyterian and Glendale Baptist, Carol Duncan the three societies of the Christian church, Ethel Preston a union meeting of the Methodist Episcopal societies and the presidents of the Presbyterian societies before their own.

Leave money and cards with A. L. Baird, 130 South Brand boulevard, by 6 o'clock Monday, April 18.

Now who will win?

Five Room Residence Ready For Occupancy

Miss R. W. Cannon, a recent arrival from Bowen, Illinois, and her brother, R. F. Cannon, have just finished building a five-room house at 326 West Harvard street and are moving into it today. Miss Cannon and her brother have been staying at the home of J. A. Robinson, of the Robinson's Men's Shop, at his home at 420 West Oak street. Miss Cannon is employed by Schaffer & Miles Dye Works.

Mrs. George C. Harris Regaining Her Health

Friends of Mrs. George C. Harris of 1268 Mariposa street, who was so seriously ill a month ago with acute appendicitis that an operation was necessary, will be pleased to know that she was brought to her home from a Los Angeles hospital two weeks ago and is convalescing rapidly, although it will be some time before she will be able to be out.

Journey East Planned By Mrs. F. W. Evans

Mrs. F. W. Evans of 914 Randolph street is planning on leaving Glendale within the next two weeks for an extended visit in the east. She will spend some time in her old home town Peoria, Illinois, at the home fo her father, R. W. Herschel. Mr. Herschel is president of the Herschel Manufacturing company of that city.

Miss Corinne Heacock Recovers From Mumps

Miss Corinne Heacock of 507 East Windsor road is recovering from a slight attack of mumps. Her brother, Harold, was also a victim of the epidemic of the glandular disease, he having gotten over them last week.

GOVERNOR STEVENS' DAUGHTER ENGAGED TO WED

SACRAMENTO, April 14.—Engagement of Barbara Stephens Zane, daughter of Governor and Mrs. W. D. Stephens of California, to Dr. John N. Osborne of Minneapolis, was announced today. Mrs. Zane is the widow of Major Randolph Zane, U. S. M. C., who died of wounds received in one of the first engagements in France.

LORD MAYOR OF CORK REFUSES TO LEAVE COUNTRY

CHICAGO, April 13.—Donal O'Callaghan, lord mayor of Cork, is not going to leave the United States in compliance with the ruling of the government. This word was received today by the committee of the American Association for Recognition of the Irish Republic from O'Callaghan, who is in the east. O'Callaghan is to speak here Monday night and then continue his speaking tour west of the Mississippi.

GIVE FARMER MORE, CUT PRICES WHEN HE BUYS, URGED

CHICAGO, April 14.—Increase the price of what the farmer sells and decrease the cost of what he buys to assist in the restoration of the "equilibrium" in industry. This was advocated today by Harold F. McCormick, president of the International Harvester company in an exclusive statement to the United Press. The statement was made in connection with the reduction of 10 per cent in the price of all farm machinery, composed chiefly of steel, announced today by the harvester company.

NEWS FROM ENGLAND CAUSES LOWER MARKET PRICES

NEW YORK, April 14.—Lower prices prevailed on the New York stock exchange today, due to the depressing strike news from Great Britain. Bears attacked steels and some rails. Northern Pacific hit a new low for the year, 1000 shares at 69 and 69 1-8, off 3-8 to ½; Republic Steel after opening up 1-8 at 60, dropped ½. Lackawana fell below 48. Crucible made a new low on the decline after opening at 81¼. Steel common lost 3-8, being quoted at 80. Studebaker reacted a point. Asphalt, opening off 3-8 at 60, dropped immediately to 59¼.

NUMBER OF APPOINTMENTS ARE MADE BY PRESIDENT

WASHINGTON, April 14.—President Harding today was understood to have determined on the following appointments for members of the shipping board: James A. Farrell, chairman, and former Senator George Chamberlin of Oregon; Colonel Charles R. Forbes of Washington; former Secretary of Commerce Alexander; James Thompson of Mobile. Who the other members of the seven-man board will be is still unknown. Myron T. Herrick, Ohio, was nominated for ambassador to France. President Harding sent a long list of appointments to the senate in addition to the two diplomatic posts. Charles G. Dawes, Illinois, was nominated brigadier General in the officers' reserve corps. Other new appointments include Julian Latimer, to be judge advocate general of the navy with rear admiral rank.

FRANCE WILL AGAIN ATTEMPT TO SATISFY DEMANDS

PARIS, April 14.—When the question of mandates comes before the allied supreme council again France will attempt to satisfy the demands of the United States, it was declared in the French reply to the American note protesting against Japan being given a mandate over the island of Yap in the Pacific. The French reply was handed to Ambassador Wallace today by Premier Briand. "We wish to declare to your excellency that when the question comes before the supreme council, the delegates of France will approach it with the most lively desire to discover a solution entirely satisfactory to the United States," the note said. The note furthermore points out that France already has done all possible to support the American viewpoint on the question of mandates.

MEXICAN LABORERS IN CHAINS IN TEXAS, IS CHARGED

DALLAS, April 14.—Charges that Mexican laborers were found in chains in west Texas ranch houses are among allegations of Mexican peonage under investigation by the department of justice, Forest Spencer, chief federal investigator, announced today. Spencer said more than twenty Mexican laborers were being held involuntarily for labor purposes near Big Springs and will be taken before the grand jury at Abilene next week. Spencer said he had information that Mexicans employed by many wealthy families of west Texas are being made to believe they will be severely punished if they leave their jobs. He declared all charges of cruelty to Mexican laborers will be placed before the department of justice. Many of the Mexicans alleged to be held in peonage now will be deported when the federal investigation is completed because of improper or expired passports, Spencer said.

U. S. INTERNATIONAL PROGRAM IS NOW TAKING FORM

WASHINGTON, April 14.—America's new international program was taking form today. Two principal points in this program being followed by President Harding and Secretary Hughes in deciding to what extent the United States will co-operate with the allies are: First: Complete recognition by the allied powers of full American rights in settlements growing out of the war will be insisted on before any definite steps are taken to enter a modified form of the treaty of Versailles. Second: The president and Secretary Hughes will reach an agreement with the senate foreign relations committee on how far the United States should agree to the Versailles treaty before any negotiations are entered into with the allies on this subject. Third: The gist of the contention for recognition of American rights is that the United States is entitled to an equal voice in the disposition of the territories and resources surrendered as a result of the war. This policy was stated in Hughes' recent note to the allies on the mandate question.

GLENDALE CHAPTER PARTICIPATES IN P. E. O. SESSION

EXEMPLIFICATION OF MODEL MEETING IS GIVEN BY LOCAL ORGANIZATION

Delegates from the various P. E. O. chapters of Glendale who attended the state convention at Burbank yesterday were as follows: Chapter L, Mrs. May Lee and Mrs. Fern Roberts; Chapter BA, Mrs. Madeline Kelley and Mrs. Kate Parker; Chapter AH, Mrs. Sina Van Edden and Mrs. Cora Webster; Chapter CJ, Mrs. Ella J. Putman and Miss Martha Cox. About thirty members of these chapters also attended.

Chapters BA and AH of this city, together with Chapter U of Burbank, are the hostess chapters to the delegates of this convention. At the beginning of the session at 1 p. m. there were 160 delegates registered from throughout the state.

At 2:30 p. m. the convention was called to order by the state president, Mrs. Lillian M. Garrett, which was followed by the singing of "America."

Program Is Under Way

Guards, reporters and pianist were then appointed and the opening ode was sung. The devotionals were led by Mrs. Maude H. Clock. Mrs. Elizabeth Knox of Chapter U of Burbank then gave a splendid address of welcome, to which Mrs. Lola Bennett, first state vice-president, of Orange responded very appropriately.

The formal opening of the convention then took place. Charters were presented by Mrs. Kate Fehrens of Chapter AI to nine new chapters which had been organized this year. The presidents of each of these chapters gave a short talk and told of their aims and what they hoped to accomplish during the year.

High Officials Present

The guests of honor at the convention yesterday included three supreme officers, six state officers and eight past state officers.

Appointment of committees and reports were next taken up.

Music by the Nevin quartet was then enjoyed. The members of this quartet are Mrs. Charles Parker, Mrs. A. M. Draper, Mrs. John Cole and Mrs. Frank Arnold, all of Glendale.

Mr. and Mrs. S. W. Seeley of Sawtelle were the dinner guests yesterday evening of their niece, Mrs. R. F. Kitterman, at her home, 311 North Kenwood street.

Elmer Gee, former Glendale High school student and football hero, spent yesterday afternoon visiting old teachers and classmates. Gee is residing in Eagle Rock.

Miss Cora Powell of 410 East Elk avenue was delightfully surprised Tuesday evening at her home by the members of the Queen Esther class of the Baptist Sunday school.

Mrs. J. B. Lahr, who has been spending the winter at the home of her brother, Fred S. Dixon, of 324 South Verdugo Road, has returned to her home in New York City.

Mrs. G. P. Bohannon of Hermosa Beach visited friends in Glendale yesterday. Mr. and Mrs. Bohannon were former residents of this city and are contemplating building here soon.

Miss Edda Miles, daughter of Mrs. E. J. Miles of 914 Randolph street, spent a few days with her mother last week. Miss Miles is attending her first year at the Immaculate Heart college in Hollywood.

Mrs. Wm. M. Vreeland of 501 West Milford street will give an entertainment and luncheon at her home Thursday in honor of Mrs. Milton Richardson of Pasadena and Michigan friends here in Glendale.

Born—At Glendale Sanitarium, April 12, 1921, girl baby to Mrs. J. S. Ross. Mrs. Ross was formerly Margaret Nichols, an old resident of this city, and her many friends will be glad to hear mother and baby are doing fine.

Mrs. T. W. Watson of 1101 East Colorado street had as visitors this morning, Mr. and Mrs. J. V. Philbrick and children, Robert and Paul, and Mr. Philbrick's mother, Mrs. Philbrick, who are relatives that reside in Arlington, Riverside, and are en route to Arroyo Grande, near San Luis Obispo.

Miss Lillian Apffel, sister of James A. Apffel of 347 North Maryland avenue, and Perry McFadden of Bakersfield were married Tuesday morning by Rev. James S. O'Neill at the Holy Family Catholic church. A wedding breakfast was served at the home of Mr. and Mrs. Apffel after the ceremony. Mr. and Mrs. McFadden will make their home in Taft.

The credit committee of the Glendale Chamber of Commerce met with Chairman C. E. Neale at Neale & Gregg's hardware store last evening and talked over the advisability of establishing a retail merchants' credit association here. No action was taken although the project was favored.

At the silver tea which was given Tuesday afternoon at the home of Mrs. N. Bray, who was assisted by Mesdames Vogel, Bishop, Zimmer and Blanchett, over $77 was cleared, which will be added to the building fund of the church. There will be another tea party next Tuesday at the home of Mrs. Wm. Brummell, 341 West Patterson avenue.

Mr. and Mrs. J. Rhea Baker of 331 North Maryland avenue had as their dinner guests last evening Mr. and Mrs. A. S. Funk of Nampa, Idaho, who are returning east today to settle their affairs in Nampa prior to having their household goods shipped to Glendale. They expect to build a home in this city. Mr. and Mrs. Baker and Mr. and Mrs. Funk were friends when both families lived in Nampa.

BREAD PRICES REDUCED

TACOMA, Wash., April 14.—Retail bread prices were sliced by two bakeries here today. The new price is 13 cents for a pound and a half loaf, or two loaves for 25 cents.

ELABORATE PROGRAMS BEING PRESENTED AT SESSIONS HELD IN BURBANK

(Continued From Page One)

The songs rendered were: (a) "The Rosary" (Nevin); and (b) "Narcissus" (Nevin).

Chapter reports were then heard and secret work was taken up by Mrs. Ollie P. Cramer, organizer, C. S. C.

After announcements had been made the meeting adjourned until 7:30 p. m. At the evening session reports from the following state chapter officers were heard: Mrs. Lillian M. Garrett, president, Chapter U of Pomona; Mrs. Lola P. Bennett, first vice-president, Chapter S of Orange; Mrs. Mildred C. Tallant, second vice-president, Chapter AC of Santa Barbara; Mrs. Ollie P. Cramer, organizer, Chapter BQ of Los Angeles; Mrs. Ione B. Campbell, recording secretary, Chapter AV of El Centro; Mrs. Beatrice J. Wilcox, corresponding secretary, Chapter AQ of Santa Clara; Mrs. Maude Clark, treasurer, Chapter AF of Long Beach.

Compliments Extended

Exemplification of a model meeting was given by Chapter BA of Glendale to show some of the new rulings and other points which are often misunderstood. Many compliments were heard of the manner in which this work was put on.

Music by Miss Isabelle Isgrig of Chapter L of Glendale was then enjoyed. She rendered "Visi D'Arte (Puccini).

Mrs. Henen D. Townsend, supreme president, then addressed the meeting. After miscellaneous business, chapter reports, etc., a farewell address was given by Mrs. Garrett. The meeting then adjourned.

Today will be the big day at the convention, guests from many chapters being allowed to attend. There was a memorial hour this morning and this evening an entertainment will be given. Tomorrow the election of officers will take place.

Mrs. Harry L. Howe, wife of Professor Howe, former vice principal of the local high school, and her two weeks' old baby boy have moved from the Glendale Sanitarium to the Howes' old home on Burchett street. Both mother and son are enjoying the best of health.

SALT MAY BE CAUSE OF CANCER

Dr. Joseph De Stephano has recently advanced the theory that the use of salt may be the cause of cancer, and he quotes some instances that seem to indicate that such is the case. Some other physicians, however, take issue with him and the statement is made that in Italy where salt is eaten in great quantities there is very little cancer.

Teacher Files Suit For $20,000 Damages

SACRAMENTO—Miss Flora Delahunty, a former teacher in the local schools, filed suit for $20,000 damages against George A. Morse, manager of the National Rice Mills, for the alleged writing of a letter charging her with "brutal and inhuman treatment of her pupils."

Miss Delahunty says she was removed from her position in the city schools after the letter was received by City Superintendent of Schools Hughes last December. The letter was written after a son of Morse had trouble with Miss Delahunty over school work, she charged.

EMERGENCY TARIFF MEASURE CAUSES HOUSE DEBATE

BILL IS EXPECTED TO PASS FRIDAY; SALES TAX NOW UP FOR DISCUSSION

By CLARENCE DU BOSE
United Press Staff Correspondence

WASHINGTON, D. C., April 14.—With the senate finance committee preparing its plans for a sales tax and tax reform hearing, the house today began debate on the Young emergency tariff bill, with passage scheduled for Friday.

"However, nobody will be heartbroken if it doesn't pass until Saturday," said Representative Mondell, Wyoming, republican house leader. "If the boys want to talk an extra day I'm not in favor of cutting 'em off.

The democratic "boys" want to talk.

"Of course, the Young bill will pass," Representative Kitchin, North Carolina, democratic leader, said, "but before it does we would like to describe just what sort of a fraud it is. It will fool the farmers, help the trusts and ruin our foreign trade."

Public Hearings Next Week

It was indicated that Senator Penrose, chairman of the senate finance committee, will not get public hearings on the sales tax bill by Senator Smoot under way until next week. This measure, Smoot estimates, will yield about $1,500,000,000 revenue annually.

Meanwhile the house will, according to program, have put the Young emergency tariff bill up to the senate and be ready to tackle next week, committee consideration of the budget bill, immigration bill and army and navy appropriations.

The Young bill which now includes the emergency tariff, anti-dumping and foreign exchange adjustment, will not get more than ten democratic votes, Kitchin predicted. At the democratic house caucus, which instructed against the bill, by a vote of 77 to 29, about twenty democrats refused to be bound by the caucus dictum. Kitchin thinks, however, that half of these will "get into line" when the roll is called.

Planting Samples For Excavators In 5921

LONDIN—Four thousand years hence—perhaps more—some enterprising excavator may dig up a wonderful "find," showing the customs of the people of this country.

Whether the excavator digs it up or no, the evidence will be there because at present quite a number of people are busy "planting" it. Should the excavator happen on it, however, he will discover from documents that in the year 1921 a building had been erected in Aldwych by the Bush Terminal company and with the thoughtful idea of perpetuating the memory of the civilization of the twentieth century they had hidden in reinforced concrete beneath the foundations, samples of the contemporary merchandise.

A safety razor will prove to the bearded soldier of four thousand years hence that there was a time when men carefully removed all hair from their faces. A bottle of pickles 4000 years old may puzzle him some, and there's no telling what he'll make out of a pre-war Continental Railway Guide.

H. G. Wells has been asked to compile a list of things to be buried for the benefit of this far anticipated excavator and if the chest contains all the articles suggested by Wells, the amazed finder will believe himself in a new Alladin's cave.

An official of the Bush Terminal company, outlining the scheme, explained that in an excavation which is made airtight and watertight by concrete several feet thick articles might be preserved for hundreds or thousands of years.

Merely to obtain practice at climb-hand over hand, a 15-year-old boy ascended a suspension cable of Brooklyn bridge with the skill of a sailor until he reached the tower 300 feet above the water. Arraigned on a charge of disorderly conduct he was remanded to the children's court.

PLAY IN EDUCATION IS REVIEWED BY ORGANIZATION

BENEFIT READING CIRCLE IN SESSIONS; APRIL 27 WILL BE DAY FOR CHILDREN

The regular meeting of the Mutual Benefit Reading circle, which was held yesterday in the library building on Harvard street, was attended by forty-five members.

Mrs. A. A. Barton, president, called the meeting to order. The review which was on "Play in Education" (Lee), was given by Mrs. R. T. Burr.

Mrs. C. H. Crawford read some selections from the book "Growing Up" (Mary Heaton Vorse), which were very amusing and were enjoyed by everyone.

Mrs. R. T. Burr, who attended the social service convention which was held in Los Angeles last week gave a very interesting report on that.

The reading of the new book, "The Biography of a Baby" (Millicent W. Shen), was begun by Mrs. H. V. Henry.

April 27 will be baby day, at which time all the new circle babies will be the special guests.

In Southern California

Million and Half Fire Loss

Fanned by the sixty-mile gale of yesterday, fire destroyed the Ambassador hotel at Santa Barbara. The estimated loss is $1,500,000. All of the guests and employes escaped uninjured. The origin of the blaze is unknown.

Santa Fe Makes Wage Reduction

The Santa Fe railroad has sent out notices of a reduction of 20 per cent in the pay of all subordinate officials and employes, other than common labor. The proposed reductions would be effective May 12. Meanwhile the road asks conferences with all classes of employes at the office of the general manager in Topeka, Kas., on April 25 and May 7.

Beach Cities Seeking Subway

Venice, Ocean Park and Santa Monica are seeking a subway from the Pacific Electric. If not that an elevated track is a possibility as it seems that Trolleyway must sooner or later be used as a thoroughfare for vehicles.

Church for Picture People

Definite plans are under way for the building in Hollywood of a motion picture people's church of which the Rev. Neal Dodd is to be pastor. It is to be much the same as The-Little-Church-Around-the-Corner in New York City and the theatre-owners' association has pledged one day's receipts to the building fund.

Pasadena C. of C. to Banquet

Joseph Scott and Frederick Warde are to be the principal speakers at the Pasadena Chamber of Commerce banquet on April 28. James W. Foley will act as toastmaster. The event will be held at Hotel Vista de Arroyo.

Playwright Has Operation

Edward J. Knoblock, noted playwright, underwent an operation in a Los Angeles hospital today for the removal of his tonsils.

Knoblock, who came here six months ago from London, was stricken with tonsilitis a week ago, while working on a screen adaption of "The Three Musketeers" for Douglas Fairbanks. Some of his famous plays are "Kismet," "Tiger-Tiger" and "One." The latter is now being shown on Broadway.

Self-Styled "Count" Guilty

After Albert Sichofsky, self-styled Polish "count," spends three years on McNeill's island he will have to serve a term in San Quentin prison as a result of his conviction here on charges of fleecing two Los Angeles physicians out of $7,500.

Sichofsky was convicted in San Diego a week ago on a similar charge. He is to be sentenced in Los Angeles Friday.

Share Equally in Estate

Ethel Je Frizzell of Athol, Mass., Margaret L. Giddings of Boston, and Helen G. Giddings of Swanpscott, Mass., will equally share $50,000 of the estate of their grandmother, Mrs. Geannah L. Allen, whose will was on file in Los Angeles today.

CHINESE MEDICAL PRACTICES

In 796 the Chinese began to vaccinate. There were three vaccination stations in which the concoction was poured into the mouth. Stone needles were used to puncture swellings and the idea was not introduced into Europe until centuries later. Cauterization was practiced by burning the rolled leaves of a small plant. It was held to be good for rheumatism and nosebleed. Anesthetic effects were produced by certain mushrooms and the root of aconite. Cases of skin grafting are early recorded.

It sometimes shocks a man to discover how few of his supposed friends are ready to help him in time of trouble.

EIGHT DEAD, FIFTY HURT AS RESULT OF TORNADO

MELISSA, TEXAS, IS WRECKED BY TWISTER; SEARCH RUINS FOR OTHER VICTIMS

McKINNEY, Tex., April 14.—With eight persons known dead and fifty injured, several seriously, relief parties continued today to search the ruins of the town of Melissa which with the exception of one or two buildings was laid waste by a tornado.

All churches in the town, three cotton gins, every business house except a bank, the postoffice and the Houston & Texas Central railway station, were wrecked by the twister which formed near Franklin, lashed farm houses about Roland and Chambersville and then gave vent to its full force as it reached Melissa.

Five of the known dead are negroes. The other three are children.

Scores of business men, citizens and physicians were made into relief parties and rushed to Melissa when word of the storm first reached here.

Labor Leaders Assert No Chance To Settle

LONDON, April 14.—"I see no hope of settlement," J. H. Thomas, leader of the railway men, declared today immediately after a conference between Premier Lloyd George and chiefs of the triple alliance in an effort to avert the great strike called for tomorrow.

As the labor leaders, in whose hands lies the power to throw Britain into industrial chaos, left the prime minister's official residence in Downing street, it was reported that a deadlock had been reached in the negotiations.

Lloyd George, it was said, made a strong appeal to the triple alliance chieftains to defer the strike order which will halt railways and transport throughout the United Kingdam, pointing out the grave danger to the nation which will be brought about by such a tieup, coming on top of the mine strike.

Labor is understood to believe that its very existence is at stake, however, and that if the miners fail in their fight against lower wages, there will be a general wage reduction in all trades.

This sentiment was conveyed to Lloyd George.

Following the conference, the triple alliance rushed its strike preparations, while the government hastened troop movements and other measures being taken to combat the great walkout.

Guarding County Jail Result Of Bomb Plot

CHICAGO, April 14.—Police today guarded the county jail following the nipping of a plot to bomb the jail with nitroglycerin.

Jailer George Fitzgerald Lee said he believed that the nitroglycerin was placed in the jail in an attempt to save the neck of Sam Cardinella, leader of the notorious Cardinella gang of robbers and killers. Cardinella and three other members of his gang are scheduled to hang tomorrow for killing a saloonkeeper during an attempted holdup.

More Members Of Bowie's Crew Found

BEAUMONT, Texas., April 14.—Thirteen more members of the crew of the ill-fated Colonel Bowie were picked up eight miles off the port of Tampico, according to a radio message received by port authorities today.

Reduction In Prices On Farm Machinery

CHICAGO, April 14.—The first effect of the slash in steel prices was felt here today when a straight 10 per cent cut in prices on all farm machinery, made partly of steel, was announced by the International Harvester company.

The reduction applies chiefly to harvesting machinery, covering grain and rice binders, shockers, reapers and push machines, mowers, hay rakes and side delivery rakes, tedders, loaders, corn binders, huskers, pickers and silo fillers.

A reduction of 10 per cent in prices on all farm machinery composed principally of wood and iron, was announced last month by the harvester company.

The announcement said that the reduction comes in steel prices at a time when this year's product has been provided for and will have no effect on the cost of machines sold this year.

"However, it does establish a lower replacement cost," the statement continued, "and serves as the basis of a price to which our customers are entitled and which we are willing to accept."

FESTIVAL PLANNED BY MEMBERS OF ALTAR SOCIETY

EVENT SCHEDULED FOR MAY 7 AT LA RAMADA; VARIOUS COMMITTEES CHOSEN

The Altar Society of the Church of the Holy Family met at the rectory last night and perfected plans for a May festival to be given at La Ramada May 7. The meeting was called to order at 8:30 o'clock by the president, Mrs. Peter Moes. Chairmen for the May festival were appointed as follows: Cooked foods booth, Mrs. Reed Heustis; ice cream booth, Mrs. George McLaughlin; apron booth, Mrs. Alex Morrison; children's booth, Mrs. Wm. Brummell; fancy work booth, Mrs. Catherine Farrell; "hot dogs" and coffee booth, Mrs. F. C. Bishop; country store, George McLaughlin.

The ladies of the church are planning to hold a cooked foods sale at the Glendale Phonograph & Piano company, 109 North Brand boulevard, Saturday. This will be in charge of Mrs. R. T. Burr, who will be assisted by Mesdames Hoedinghaus, McClean and McLaughlin.

Plans Are Complete For Returning Radium

By HENRY WOOD
United Press Staff Correspondent

PARIS—Just how Madame Curie is going to bring back to France the gramme of radium that American women will present to her and to the French Faculty of Sciences presents a ticklish little problem.

If Madame Curie, for example, merely put the gramme of radium in her pocket for the return trip, several things might happen. First, she might lose it. Secondly, some international but unscientific pickpocket might be tempted by the fact that it is worth about two million francs. Thirdly and worsely, if Madame Curie were to bring the gramme of radium home in her pocket, the things that would happen to her would mean a greater loss to the scientific world than as though some clever thief pinched the gramme.

While Madame Curie probably wouldn't die on the spot, nevertheless the radio-activity of radium is so great and its effect upon the tissues so startling that were Madame Curie to show her appreciation of America's gift by never parting with the precious gramme certain death would ensue.

The burning and destruction of the tissues that come from exposure to radium do not manifest themselves at once. The action of the radium is not on the skin itself, but on the tissues underneath. The sores engendered by exposure to radium begin to show themselves some two weeks afterwards.

However, Madame Curie is entirely too wise to the eccentricities of radium to allow herself to be trapped into any too close familiarity or even to endanger sub epidermis of other passengers on the boat who will accompany her and the gramme back from New York.

In fact it has already been decided that the mischievious little gramme of radium will be split up into twelve or fifteen smaller and less mischievious parts.

Each one of these parts will be enclosed in a glass bulb and each bulb enclosed in a nice little lead case of about two inches in thickness—lead and platinum being nonconductors of radio-activity.

The twelve or fifteen little lead cases will then be stowed away in the ship's safe and if any enterprising thief wants to monkey with the combination in order to get his fingers on that two million francs worth of radium—why Madame Curie says he will just have to take all the risks himself, both legally and scientifically.

And she has a very firm convic- that the scientific radio-activity effects on the thief will render it quite unnecessary for the law to intervene in the case.

Need Any Help In Bringing Up Kiddies?

WASHINGTON—Does any American city or town of between 20,000 and 30,000 population need help in raising its children?

If so, the National Child Health council, so it announced, is willing to aid to the extent of $200,000.

The proposed aid will be administered over a period of five years in such a way as to obtain "nearly as possible ideal conditions for the development of its children from babyhood to adolescence, into sturdy, happy, useful citizens."

The town, the health council has decided, should be located in a county of between 50,000 and 60,000 population with the area outside of the city agricultural. The city itself should have a normal percentage of its population engaged in manufacturing.

The committee which will recommend the town to be chosen for the experiment is headed by Dr. Richard A. Bolt of Baltimore, general director of the American Child Hygiene association.

France's World War Library Increasing

PARIS—France's library of books and manuscripts dealing with the origin, history and the results of the great war promises to be the largest of its kind in the world. Already it numbers more than 100,000 volumes, with almost as many pamphlets, leaflets and posters, according to the directors of the Musee De la Guerre, whose temporary quarters in the Rue Colisee are already so filled that it is no longer possible for them to accommodate the reading public, who seek the place.

It is now intended to ask for a budget allowance to construct a special building for the library, which will contain nearly five miles of shelves, and the establishment of an accurate catalogue system for the benefit of coming generations.

Already more than 15,000 donations to the library have been received and scores of cases filled with costly war records still are unopened, while a notable collection of war photographs and paintings, sufficient to fill a dozen galleries, have been promised.

Authors from all the allied nations have presented some of their works to the library, even Russian refugees donating manuscripts of the Bolshevist regime. So great is the documentation of soviet affairs that, despite Moscow's efforts to suppress the truth, one French writer was said to have obtained in the library sufficient material to enable him to write a serious political study of Russia containing more than 5000 pages.

Duplicate volumes, it is understood, will be offered to the Louvain library and to the national libraries of the United States, Great Britain and Italy.

Local Lad Makes Good In Coast League Game

In the reports of Tuesday's baseball games in the Pacific Coast league the name of Van Osdell appeared in the box score of the Seattle-Salt Lake game, this same Van Osdell being the Glendale boy who learned to play baseball in this city.

This is "Van's" first season of professional ball, and when he "came through" in his official debut Tuesday he practically cinched his job with the Mormon City aggregation.

In the second inning, with his team six runs behind, he was sent in to bat for Shortstop Barry and responded with a hit, which a few moments later developed into a run.

Californians Gain Plenty Of Laurels

SAN FRANCISCO, April 14.—Yesterday was California day east of th Mississippi.

Sam Bohne and Fonseca, with their hitting, won for Cincinnati.

Fournier of Los Angeles got the first hit off the great Grover Alexander.

George Kelly of San Francisco won an eleven-inning game for the Giants with a home run.

ing Bodie scored the first run for the Yanks.

Strangler Lewis of San Jose beat Jim Londos in a wrestling match at Chicago.

And Sam Shortridge presided over a session of the United States senate.

Noted Sleuths Seek To Get Same Work

WASHINGTON—William J. Flynn and William J. Burns, the nation's two foremost detectives, are pitted against each other in one of the most vital sleuthing contests in the history of either man. A $10,000 reward is the stake.

Flynn is head of the justice department secret service, to which work he was assigned after leading the nation's secret agents before and during the war. Burns is head of one of the best advertised detective agencies in the country.

Recently the clew was picked up by both these specialists that the secret service branches of the treasury, justice department, shipping board and sundry other government agencies were to be combined under one head, the salary of the chief to be about $10,000 a year.

Just about that time operatives of Flynn reported that Burns was in Washington and at last reports had been seen in or near the White House, seeking the appointment as chief. Burns' detectives may well have reported that Flynn was at the White House in conference with the secretary to the president, George Christian, on the same errand. Flynn vs. Burns is a contest that awakens vast possibilities in its many mysterious detective ramifications. Thus far, it is stated officially, neither of the eminent sleuths has discovered a clew as to which Harding will reward with the new job, or if when the secret service is effected and if or when either of the two is finally decided upon to head it.

Approximately one-half of the population of the United States is of voting age.

Watching Scoreboard

Yesterday's hero—George Kelly. The skyscraper first baseman of the Giants smacked a homer in the eleventh inning that defeated the Phillies, 10 to 8.

Babe Ruth hit two doubles and three singles in five visits to the plate helping the Yankees to beat the Athletics 11 to 1.

Bohne and Fonseca, recruit infielders of the Reds, got two hits each and figured in the 5 to 3 victory over the Pirates.

Two wild throws in the third inning gave the Browns a 4 to 2 win over the Cleveland Indians. Smith hit a homer and Sewell made three errors.

Alexander the Great pitched his first opening game and the Cubs beat the Cardinals 5 to 2. O'Farrell slapped a home run with one on.

President Harding threw the first ball and kept a boxscore of the Red Sox 6 to 3 victory over the Senators.

Walter Johnson lasted only four innings in the box.

Pinch hits by Neis and Sheehan figured in the Robins' 5 to 4 victory over the Braves. O'Neil's homer with one on knocked Cadore off the mound in the seventh.

Germany Is Dumping Goods Into Belgium

BRUSSELS—In a formal note addressed to the Belgian government, the Belgian Federation of Contractors charges Germany with perfecting a gigantic system of dumping. This is declared to be so formidable that no industry outside of Germany can fight against it unless determined and rapid action are taken at once.

It is further charged that the whole financial power of the German state has been placed at the disposal of German industry, thus enabling German firms to grant the most liberal kind of terms in the way of long time credits. This is protection, the Belgian contractors declare.

This incident arose between the Belgian government and the Belgian Federation of Contractors, when the government recently accepted a German proposal to supply rolling stock for the Belgian state railways.

Incorporated in the protest is a denunciation of governmental policy in ordering German goods at an apparent saving of 18,000,000 francs when, it is declared, Belgium will in the long run stand to lose 21,000,000 francs by reason of unemployment and so forth.

The protest declares it is a false policy to consider solely and wholly the mere question of lowness of price and quickness of delivery and makes a plea for governmental assistance for strictly national industries, now suffering from scarcity of foreign orders, thereby making local business all the more valuable.

By awarding governmental orders to a foreign country, the protest points out, Belgium is deprived of a valuable source of revenue at a time when it is badly needed.

A gambling casino surpassing anything at Monte Carlo is to be built on an island in the beautiful bay of Rio Janeiro. A modern ferry will be provided to make the run between the city and the resort.

ELKS' TEAM, SAILORS TO BATTLE SUNDAY AT WILMINGTON

GAME AT SEASHORE; MEETING FRIDAY NIGHT TO NAME CLUB FIELD CAPTAIN

The Elks' baseball team, which smothered the star Tom Mix Wildcats on the local field last Sunday, is scheduled to battle the Wilmington squad on the latter's diamond next Sunday afternoon. As the seasiders' club was classed in the AA division of the recently closed Southern California Managers' association the Glendale boys will have to show considerable life to emerge on the big end of the score.

Within a very few weeks a brand new organization to be known as the San Fernando Valley, league, will open its season and from then on Glendale fans will have the privilege of witnessing a game every week. Those who will probably be represented are San Fernando, Van Nuys, Lankershim, Burbank and the two local teams.

Players to Meet Sunday

Manager Salmacia of the Antlered aggregation has announced that there will be a meeting of his players at the club rooms every Friday night, the object being to discuss technicalities and to plan on the following Sunday's lineup.

This week's meeting will take place at 7:30 o'clock and the chief business will be that of electing a field captain.

Opening Day Shows Baseball 'Come Back'

NEW YORK, April 14.—If the pulse of the opening day means anything baseball is back with a stronger heartbeat than ever before.

The attendance at every major league park yesterday showed there is nothing wrong with the old game. The only trouble is in the parks—there isn't room enough.

There must have been 40,000 crammed and jammed in the Polo Grounds and a good 5,000 were two blocks away fretting and fuming at the reserve cops who wouldn't let anyone through the lines except ticket holders.

Cincinnati, famous for opening day crowds, went over the top for a new record when 30,000 piled through the gates.

Chicago welcomed Johnny Evers back to the old Cub lair with an outpouring of 25,000.

In most every baseball city the casualties among grandmothers was proportionately about the same.

The crowds saw some great baseball for such an early day.

With the exception of the Cleveland Indians and the Pittsburgh Pirates, all the contenders lived up to the advance notices from the south.

The Yankees, with a slaughtering attack at the bat and a good defense looked like a million dollars against the Athletics. But, barring a tendency to go up in the air, a failing of young ball clubs, the Athletics did not look a bit bad.

The Giant pitchers are not all that can be expected yet, but the club showed the customary McGraw fighting spirit by going eleven innings to win the game.

The Brooklyn Robins didn't despair with a 5 to 0 count against them and won out from the Braves.

Ragged infield defense cost the Indians a victory to the Browns. Tris Speaker probably will have a lot of trouble until Wamby or Lute get back into the game. The youngsters on second and short lack balance.

Even without Groh, Roush and Kopf, the Reds were good enough to beat the Pirates. If Bohne and Fonseca play and hit all season as they did yesterday, Pat Moran won't miss the holdouts so much. Bohne got a double and a triple and Fonseca got a single and a triple.

Farmers To Pass On New Marketing Plan

CHICAGO—Farmers' representatives from all the grain growing states will meet in Chicago for the purpose of ratifying or rejecting the grain marketing plan evolved by the Farmers' Marketing Committee of Seventeen. Each state will have one delegate for each $15,000,000 worth of grain marketed during the last ten years.

A number of organizations, including a national wheat growers' association in the southwest have attacked various features of the committee's proposed system on the theory that it will take years to develop the giant marketing structure to a point where it can replace the present system under which hodging is possible.

Other agriculturalists say the pooling plan may throw the entire system open to charges from consumers of violating the anti-trust laws by attempting to fix prices.

"It is not the desire of the farmers to form a grain trust," said Clifford Thorne, counsel for the committee in discussing this phase. "We recognize the dangers involved, but I anticipate no serious difficulties along that line. Unfair price fixing by farmers might defeat the farmers themselves, by encouraging overproduction."

Rotary Clubs To Get Facts About Charges

INDIANAPOLIS, Ind.—The Board of Directors of the International Association of Rotary Clubs has ordered a nation-wide survey of conditions surrounding the care of disabled veterans, "to prove whether American Legion reports are based on hysteria or upon actual facts," according to a letter received at Legion Headquarters today from Chesley H. Perry, Chicago, secretary-general of the Rotary organization.

Perry said the Rotary Board had endorsed the Legion's consolidation program for relief to the disabled and would support the Legion's efforts to obtain its enactment into law. His letter said in part:

"The 50,000 American business and professional men who form the 800 Rotary Clubs of the United States, have started out to gather the actual facts in their respective communities with regard to the manner in which the U. S. government is handliig the cases of disabled ex-soldiers. The rotarians have been shocked by the disclosure made by the American Legion regarding the circumstances surrounding the rehabilitation of Uncle Sam's disabled ex-service men. Each Rotary Club is appointing a special committee to investigate conditions in its community and report to the club. Every club will then report to the headquarters office of Rotary in Chicago. The result will be that from 800 communities in every part of the United States will come evidence of business and professional men to prove to the American people whether or not the American Legion reports are based on hysteria or upon actual facts."

One Egg, Stale, Is Valued At $1000

URBANA, Ill.—How would you like to buy a dozen eggs, guaranteed stale, for $12,000? With prices of ordinary "hen fruit" fluttering back to near reasonable levels, $1000 seems high for any egg, but that is the estimated value of a single egg in the Natural History Museum of the University of Illinois here. It is the egg of a passenger pigeon, an American bird now extinct. The egg was given to the university by T. E. Musselman, a former student.

The last known passenger pigeon died in the Cincinnati Zoological Gardens about five years ago. Following the bird's death, the American Ornithologists' Union offered $7000 to anyone proving the existence of a nesting pair, but none of the original species was ever discovered.

Passenger pigeons were once so numerous in the Mississippi Valley that their migrations darkened the sky.

HEART TROUBLE NOT FATAL

Heart disease is not the barrier to an active life of usefulness as has always been supposed, said Dr. Frederick Brush to the National Society of Occupational Therapy. Nothing is gained and much lost by telling cardiac patients not to work, not to carry, not to play, and so on. Under proper supervision the person with heart trouble can take a large part in active life.

Stage Success Being Featured Upon Screen

A splendid picturization of "The Concert," the play in which Leo Ditrichstein starred for several seasons with such success, has been produced by Goldwyn, and is shown at the Palace Grand today only.

"The Concert" is a keen study of sparkling humor and—its situations are genuinely laughable. It is the story of a middle-aged, temperamental musical genius and an impressionable young wife—not his own—and their adventure as "soul mates." The musician's sensible spouse and the husband of her "rival" join hands to teach the erring pair the error of their ways by imitating them. The result is easily foreseen. The musician begs forgiveness of his wife and the other woman rushes into her own husband's arms, permanently cured of hero-worship.

A two-part Aubrey comedy "Mysterious Stranger" also is shown while the music by the Palace Grand orchestra is equal to the pictures. Tomorrow Mabel Normand in "What Happened to Rosa" is the feature.

BETTER POSTAL SERVICE

Postmaster General Hays and postmasters from seven of the largest cities of the United States compared notes in Washington and made suggestions for the improvement of the postal service. Mr. Hays assured the postmasters that his department would do all it could to bring about changes for the betterment of the service.

Mr. Hays suggested organization of a "red service" as a super-special delivery, guaranteeing special dispatch of all mail from the time it was placed in the postoffice until delivered to its destination. Such delivery would apply to all first class matter, and if it is made operative will be greatly welcomed.

The handicap of a lack of help, experienced during the war, appears to be disappearing, and the prompt handling of mail matter is more nearly realized than it has been for a number of years. The slackness in industry should have the effect of causing many trained mail workers to return to the postal service.

A new branch of the postoffice department may be organized for the purpose of taking over the delivery system of large mercantile establishments, experiments made in a number of cities having apparently demonstrated the feasibility of the plan. The system would probably be less expensive than the delivery maintained by the large stores, and it would add to the revenues of the government.

The public will welcome any practical changes which Mr. Hays may make for the improvement of the postal service. The prompt delivery of mail has much to do with the successful management of business of all kinds, and it also has a good effect in maintaining the morale of the people, to whom the government is represented intimately in the postal service.

HUGE DIRIGIBLE IS NOW READY FOR LONG FLIGHTS

GIANT CRAFT WITH NUMBER OF COMFORTS TO MAKE COMMERCIAL TRIPS

BY CHARLES M'CANN
United Press Staff Correspondent

LONDON—England's first passenger dirigible, the G. F. A. A. F., has been completed and is ready for trial trips about England, preparatory to carrying out demonstration commercial flights to Malta and Egypt this spring.

Equipped with sleeping cabins and commodious passenger saloon, carpeted and upholstered in French blue, with white enamel woodwork and nickel fittings, the G. F. A. A. F. is an attractive innovation. Every effort has been made to insure comfort of passengers.

Meals will be served aboard. The cook's galley is lined with aluminum and fitted with oil stoves. In the sleeping cabin, the berths are divided from one another by heavy curtains. During the daytime the beds can be folded away and the curtains drawn back. This will leave a fairly large space where travelers may take their ease in wicker armchairs and take their meals from square tables.

Name Is Changed

Construction started on the G. F. A. A. F. sometime after her designs were completed three years ago by admiralty experts. Originally the giant craft was named R36—but when her final specifications were changed from military to civil equipment, her name was changed.

Today the big airship represents a new departure in rigid type of construction. Her dimensions and constructional features are as follows: Length, 672 feet (longer than the R34 by 30 feet); maximum diameter, 78 feet, 9 inches; cubic capacity, 2,100,000 feet of hydrogen gas; nominal lift, 63.8 tons; maximum speed, 65 miles an hour; normal cruising speed, 50 miles per hour; range, 4000 miles.

Under ordinary circumstances the craft will carry a crew of twenty-four men and four officers. Full wireless equipment is carried and all the engine carrying cars are in telephonic communication with the control car. It is possible to walk from one part of the ship to any other.

Advantages of Travel

Aeronautic experts are pointing out the airship has almost wholly eclipsed the airplane in the field of passenger traffic.

Heretofore it has been impossible to start extensive experiments in airship passenger enterprises because of the collossal cost of the big dirigibles as compared to the relatively small outlay required for constructing airplanes. Advantages of airship travel are freedom from vibration, no noise, no smell of gasoline and the fact that passengers can eat, read, talk, write, smoke or sleep in peace on board.

National Guard Under Probe In Los Angeles

An official inquiry into the manner in which funds collected for the establishment of a new National Guard unit in Los Angeles have been handled was conducted yesterday by the Naval and Military Affairs committee of the Los Angeles Chamber of Commerce, according to a morning newspaper.

It is stated that the investigation is of considerable moment and was attended by Adjutant General Borree and his staff from Sacramento, reserve officers of the United States army and Deputy District Attorney Heinecke from the district attorney's office.

Capt. A. J. Copp, Jr., head of the chamber committee, presided. Most of the guard officers and members of the committee were present, it is understood.

General Borree gave the committee to understand that if its report failed to "clear the atmosphere" his office probably would act promptly and decisively.

Wheat Country Drama At Glendale Theatre

Buck Jones in the William Fox production "Just Pals," a drama of the wheat country from a story by John McDermott, is announced as the feature attraction at the Glendale Theatre today and tomorrow.

The scenes are laid in a small town on the border-line of the wheat and cattle countries. It deals with the lives of a dejected "nobody," a boy waif and a beautiful school teacher, who become united through circumstances that constitute what has been described as a most appealing story. Buck Jones is seen in the part of Bim, the "nobody"—a ne'er-do-well who at heart is courageous and chivalrous.

Monty Banks in "His Dizzy Day" is an added attraction which will provide the spice of the program while Pathe News—right-down-to-the-minute—will round out the bill.

A lot of farmers are wondering how much manufacturers will add to the price of shoes when they get the hides for nothing.

J. F. Stanford Gets Contract For Home

J. F. Staford of 112½ South Brand boulevard has just secured the contract to build a five-room modern residence for Mrs. Cora M. Trip-States paying out approximately 85 to the Glendale builder on account of his high class of work. The improvement, which will be near Colorado boulevard on Hudson street, is to cost in the neighborhood of $4500.

Mr. Stanford also has just started building another residence in Glendale. It is located at 428 Alexander street and will represent an investment of about $5,000. He is confident that he will do a record amount of construction here this year as business looks very good.

Public Stenographer Bureau To Be Opened

Miss Edna Herschman, formerly of New York City, will conduct a public stenographic bureau in the Glendale Chamber of Commerce headquarters, commencing Monday, April 18, and she will be found there from 1 to 5 o'clock each afternoon.

Miss Herschman has had experience in vocational guidance work in the eastern metropolis and will be glad to assist business men and others who wish circular letters or advertising literature written, as she has had experience which enables her to serve both as a stenographer and business adviser along secretarial lines.

Third Little Premium Market To Be Opened

Conclusive evidence that the slogan of "We do not sell cheap products; we sell good products cheap," is a winner for David Donwell is shown by the fact that Little Premium Market No. 3 will be opened at 1263 South Brand next Saturday.

It was only last January that Mr. Donwell established Little Premium Market No. 1 at 123 North Glendale. His slogan was "We do not sell cheap products, we sell good products cheap." In March Little Premium Market No. 2 was established at 1127 North Central. And now comes the third place of business. Mr. Donwell evidently knows the way to buy good products, how to price them right and to tell the public through the advertising columns.

For the first time since the day the United States declared war on Germany, the war and navy building has been opened to the public. Guides who relate true and near-true stories of documents in the library have begun negotiations for their reinstatement.

Maple Sugar Reserve Of Country Is Large

WASHINGTON—A lake of maple syrup—148,000 gallons of it—most enough to float thousands of griddle cakes, was stored up from last year in the warehouse of maple product makers and dealers when the bureau of crop estimates made a survey this spring.

The report also supplied rocks for the maple sugar lake in the form of 318,600 pounds of maple sugar. Altogether there was the equivalent of 1,500,000 pounds of the sugar stored away, and yet this was only 4 per cent of the 1920 production.

Had not another shortage of granulated sugar been feared, it is not likely that this much would have been carried over, the department of agriculture says. With reports from the maple forests promising a banner year for the production of the better half of "hot cakes," those places where the man tosses 'em around on his griddle in the front window ought to show increased business next fall at cheaper prices.

Guilty Conscience Cause Of Confession

CHICAGO—An inexorable Javert stalked Walter F. Fisher. The guilty wretch fled the scene of his crime, traveled east and west, even changed his name, but the Javert clung to him and finally delivered him into the hands of the law. The Javert was his conscience.

Mr. Fisher is a person of color and one of his notable tonsorial panaceas is warranted to remove the most stubborn kink. Until 1911 he practiced in Chicago. Then he mysteriously disappeared. He journeyed far and wide but his conscience allowed him no surcease, so he drifted back to Chicago. He was taking the benediction of the evening air when a traffic policeman, hailing a friendly autoist, shouted:

"Hello, there."

Mr. Fisher's hands went into the air. "Doan' shoot; ah surrendah; ah gives up."

"What's the matter; are you sunstruck?" demanded the surprised officer.

"Ah surrendahs; slip dem han' cuffs on me. Ah can't stan' it no longer. My conscience is houndin' me to deff."

"All right—you're pinched," said the officer.

"Doan' kid me, Cap. Y'alls knows ah stole a pair of shoes ten years ago."

He's at Central station. The man from whom he stole the shoes has been out of business for years. No complaint was ever made of the theft of the shoes.

Notice of Consideration of Fire Districts

An ordinance fixing the fire districts is now under consideration by the Board of Trustees. A brief description of the districts as proposed and a map outlining the same may be consulted at the Chamber of Commerce office at 105 W. Broadway. The matter will be further considered by the Board of Trustees Thursday evening, the 14th instant, at 8:30.
